## VEHICLE EXPORT REQUIREMENTS

---

---

Any motor vehicle being exported from the U.S. must clear U.S. Customs. In order for Intersect Systems to successfully file your entry with customs we will need the following from you:

**The ORIGINAL vehicle title**  
**Vehicle Supplemental Information Form**  
**NOTARIZED ORIGINAL Export Power of Attorney**

Your title must be in your name and be free from lien. If a lien holder is named on the title, you must obtain an **ORIGINAL NOTARIZED** letter from the lien holder authorizing the export of the vehicle. This should be submitted along **WITH THE ORIGINAL TITLE**.

The above documents should be submitted via courier service (do not send via regular mail) to the following location prior to pick-up:

Intersect Systems International  
Attn: Export Department  
300 Rancheros Drive, Suite 300  
San Marcos, CA 92069  
Phone: 760.796-7733

**Please include a return address for your title and we will send back to you via Federal Express or DHL service upon completion of the customs clearance. Please keep in mind that Federal Express/DHL can not deliver to a P.O. Box.**

The Export Power of Attorney needs to be signed and notarized. Again, we must receive the **ORIGINAL**.

**Without the above noted information, your vehicle can not be exported from the U.S.**

Please note that we have no control over customs clearance and the time it takes for your shipment to be released. Customs requires that the shipment arrive 4-6 days prior to the vessel's departure in most cases so you should account for this time period during your planning.

Please note that personal effects/household goods should not be loaded inside your vehicle as loss/damage can occur and these items will not be protected by any liability or insurance coverage. Also, all vehicles should be turned over to our agent's care with less than ¼ tank of fuel or additional charges for draining will be incurred.

We will do everything we can to see that your vehicle is shipped in a timely and safe fashion. Your cooperation in following the above guidelines will help us greatly to accomplish this. Thank you for your assistance.
